

PROFILE

React Native and React.js Developer with 4 years of experience building scalable cross-platform mobile and web applications. Skilled in React Native CLI, Redux, REST API integration, Firebase, push notifications, and performance optimization. Experienced in fintech, healthcare, e-commerce, and service management applications.

EDUCATION

Madras University	Chennai, India
M.Sc (Cyber Forensics and Information Security); CGPA:7.64	January 2021 - December 2022
Apollo Arts and Science College	Chennai, India
B.Sc (Computer Science); CGPA:8.50	November 2016 - April 2019

SKILLS SUMMARY

- Languages: JavaScript, TypeScript, PHP
- Frontend: React.js, React Native, Redux, HTML5, CSS3, SASS.
- Mobile: React Native CLI, Android, iOS.
- Backend & Database: MySQL, REST APIs.
- Tools: Git, GitHub, Firebase, VS Code.

WORK EXPERIENCE

SOFTWARE DEVELOPER Coherent Pixels Systems Pvt Ltd	July 2024- Present
- o Developed enterprise-grade mobile and web applications using React.js and React Native CLI for Android and iOS platforms. - o Implemented native Android and iOS bridging to integrate platform-specific functionalities into React Native applications.	
SOFTWARE DEVELOPER Kapiital Kapslock	July 2021 – March 2024
- o Developed and maintained cross-platform mobile and web applications using AngularJS, React.js, React Native (Expo), PHP, and MySQL. - o Built responsive user interfaces and reusable components to improve application scalability, performance, and user experience.	

PROJECTS

TaskflowProUltimate App
o Real-time automated field service management reveals and resolves inefficiencies. It also helps keep track of equipment and personnel, allowing for a rapid return on investment.
Elevate App
o Developed an astrology and dating app with features like personalized matchmaking, horoscope insights, and real-time chat.
Banyan App
o Created a school management app enabling digital attendance, fee management, communication, and student progress tracking.
EarHealth App
o Developed a mobile hearing assessment application featuring pure tone audiometry, masked threshold, and ear age testing. Implemented calibrated sound frequencies and decibel management for accurate left and right ear analysis, along with test report management and premium user features.
Punetechtrol Web
o Developed and maintained the Pune Tectrol web portal using React.js, creating responsive and scalable user interfaces for industrial automation and level measurement solutions, while improving application performance, usability, and workflow efficiency.
SquareNow App & Web
o Developed a loan management application collaborating with NBFCs, MFIs, and global financial institutions to optimize business performance.
Pookadai App & Web
- o Pookadai App – Customers can easily browse flower collections, place orders, track deliveries, and make secure payments through multiple payment methods. - o Pookadai Web – Allows customers to browse catalogs, place orders, and securely pay via credit/debit cards, wallets, or other methods.

CERTIFICATION

- o React JS Certification – VY TCDC

ACHIEVEMENTS

- o Best Performance of the Quarter – Rookie Sailor Award 2021 | Kapiital Kapslock
- o Star Performance Award 2025 | Coherent Pixels Systems Pvt Ltd
